DRIVING CODE OF THE MISSOURI STATE HIGHWAY PATROL

- 1. Keep your car under control at all times. Drive in such a manner and at such a speed that the car can be stopped in the distance that is seen to be clear ahead.
- 2. Be sure brakes are in good working order.
- 3. See that both headlights and taillight are working; headlights adjusted so they illuminate the road but do not blind approaching driver; use dimmers when meeting other cars.
- 4. Keep on the right side of roadway; don't straddle or hug the center line.
- 5. Don't pass another car until you can see that the way ahead is clear for a safe distance. Remember this rule on hills and curves.
- 6. Don't drive at a speed that may endanger yourself or others. 7. Proceed cautiously at intersecting highways
- and when meeting pedestrians.
- 8. Don't permit passengers or merchandise to crowd the driver's seat.
- 9. Give your whole attention to the job of driving. 10. Have consideration for the other fellow. It's partly his road, you know.
